

JACKSON COUNTY JUNIOR FAIR
2024 MARKET STEER CARCASS CLASS

Why a Market Steer Carcass Class?

The Jackson County Junior Fair Market Steer Carcass Class is intended to be an educational experience for young producers in the beef industry. The carcass class is recognized as one of the most valuable learning experiences in beef production that exhibitors can take part in, and participation is highly encouraged.

The live judging is an educational session on live carcass evaluation designed to teach youth about meat judging and selection. Additionally, this exclusive experience introduces youth to top performers in the industry – professors, professionals, packing management, facilities, and more. Evaluation will be completed by The Ohio State University Meats Evaluation Team and their collegiate Advisor.

The agricultural industry is shifting in Southern and Southeastern Ohio with the introduction of a Meat Science program at the University of Rio Grande, and expanding workforce development preparation goals by Ohio 4-H. By introducing a Junior Fair Market Steer Carcass Class, the local 4-H and FFA programs can support youth in “learning by doing,” and completing hands-on project work with a potential for continuing education.
