What is 4-H Monarchs on the Move?

4-H Monarchs on the Move is a school enrichment program provided by OSU Extension Jackson County that challenges youth to use science, engineering, and technology to investigate the life cycle of Monarch Butterflies. From monitoring living eggs to observing the fluttering butterflies, these lively activities pique curiosity, encourage collaboration and communication, and provide young scientists with unforgettable experiences. Learn about the importance of this flagship species through classroom rearing!

Who can participate?

The program is designed for grades K-5, although it can be adjusted for younger and older children.

This program can only be done during Monarch Migration, from May – September.

What is the cost?

The program cost is **$40.00**, which covers the cost of purchasing Monarch caterpillar eggs/larvae (whichever are available) and the needed Milkweed plants to feed them.

What is in the classroom rearing kits?

Kits include, for the duration of the program (~25 days):

- Butterfly Cage w/ droppings mat
- One facilitator guidebook
- Activity supplies
- Monarch Life Cycle Kit
- Monarch Butterfly Educational Storybook
- Bug Catchers
- Milkweed feeders
- 10 Monarch eggs or larvae

What happens after?

We can assist you in releasing the Monarch Butterflies in an area with plenty of Milkweed available to meet their needs.
